Hybrid

Catalog Description

Supervised Internship (HSAD 033A) is an introduction to HSAD Internship experience (HSAD 033A/HSAD 095B). Students will develop and apply counseling and communication skills in a supervised internship in the field of drug and alcohol studies. Students will master the 12 core functions of substance abuse counseling and apply these skills. The Internship experience consists of lecture (HSAD 033A) and clinical experience (HSAD 095B). HSAD 033A is the lecture component. During lecture, students will expand on their counseling and communication skills and ability to apply the 12 Core Functions. They will also prepare for state certification and employment. Supervised Internship (HSAD 033A) is a required component of the HSAD Certificate and Degree Program. In the Corequisite HSAD 095B, students will apply and refine knowledge and skills developed in the classroom in diverse drug and alcohol treatment programs.

Explanations of the cause of substance abuse.

Skills and knowledge for substance abuse counseling

Treatment approaches to substance abuse
 View the family as a client
 Physiological, sociological, and psychological influences on the family
 Relevance of etiology of treatment and prevention
 Diagnosing the process of recovery from addiction as it affects the entire family
 Treating the family

Course Objectives

Objectives	
Objective 1	Participate in their internship assignments under the direction and monitoring of agency supervisors and their Supervised Practicum I instructor.
Objective 2	Define three measurable objectives for their internship assignments and determine when and how the goals might be achieved.
Objective 3	Develop communication and relationships with clients on an individualized basis.
Objective 4	Demonstrate beginning knowledge, understanding, application, analysis, synthesis, evaluation, and competence in the following areas:
Objective 5	Professional identity, including self-awareness and commitment to the values and ethics of the profession.
Objective 6	Human behavior, group dynamics, cultural diversity, abused drugs, human sexuality, and counseling.
Objective 7	The dynamics of chemical and psychological dependency, including the categories of alcohol and drugs, and their affects, effects, and complications related to psychosocial and medical problems, evaluation procedures and reference material.
Objective 8	Treatment coordination, including continuity of care and referral and follow-up services.
Objective 9	Legal and administrative statutes, rules and regulations, including commitment procedures and clients' rights.
Objective 10	Counseling and intervention skill, including crisis intervention.
Objective 11	Assessment, planning, and referral skills.
Objective 12	Case management and recording, including written and verbal communication skills.
Objective 13	Screening, in-take, and orientation procedures.
Objective 14	Client education and professional consultation.
Objective 15	Structure and function of an agency.
Objective 16	Self-evaluation and professional growth.
Objective 17	Use of supervision and constructive criticism.

Student Learning Outcomes

Upon satisfactory completion of this course, students will be able to:	
Outcome 1	Apply previously learned curriculum across the core 12 functions in a work/study internship under the direction and monitoring of agency supervisors and the Supervised Practicum instructor.

Methods of Instruction

Method	Please provide a description or examples of how each instructional method will be used in this course.
Lecture	The instructor will deliver direction, interpretation, guidance, and evaluation to assist the student in making the transition in their internship placement site. Slides, videos/documentaries, articles, and websites will be used to demonstrate the previously learned curriculum into a cohesive counseling theory and practice.
Discussion	Discussion questions will be utilized and threaded throughout the lecture to encourage students to articulate individual, group, and family approaches to counseling to real-life situations/ settings.
Participation	Participation will be part of the required part of the course grade, including asking and answering questions in class, participating in both in-class and group discussions, completing in-class activities and worksheets, and sharing perspectives to reinforce learning.

Activity	Various activities relating to the observed learning experience at the internship site, including sharing these experiences constructively in class. In addition, students will demonstrate mastery of previous course concepts and articulate how they have developed competence as effective counselors.
----------	--

Methods of Evaluation

Method	Please provide a description or examples of how each evaluation method will be used in this course.	Type of Assignment
Student participation/contribution	Students will discuss individually and in small groups, various topics covered in the class.	In and Out of Class
Other	An agency supervisor evaluates supervised interns for each rotation. These evaluations are shared with the Practicum/Internship Supervisor. The Practicum/Internship Supervisor shares agency evaluations with supervised interns. The Practicum/Internship Supervisor and the intern discuss and make adjustments as necessary.	In and Out of Class

Assignments

Other In-class Assignments

1. Closely observe the learning experience in the Supervised Internship agency and share these experiences constructively in class.
2. Investigate the problems, treatment, and influences of alcoholism through discussions, readings, activities, written exercises, and speaker presentations.
3. On a weekly basis, update and maintain paperwork documenting achievement of 12 Core Functions of an Addiction Counselor.

Other Out-of-class Assignments

1. Readings, textbook
2. Prepare small group lessons for internship sites
3. Research on Internet (CCAPP)

Grade Methods

Letter Grade Only

Instructional Materials and Resources

If you use any other technologies in addition to the college LMS, what other technologies will you use and how are you ensuring student data security?

N/A

If used, explain how specific materials and resources outside the LMS will be used to enhance student learning.

N/A

Effective Student/Faculty Contact

Which of the following methods of regular, timely, and effective student/faculty contact will be used in this course?

Within Course Management System:

Regular virtual office hours
Timely feedback and return of student work as specified in the syllabus
Video or audio feedback
Weekly announcements

External to Course Management System:

Direct e-mail

Posted audio/video (including YouTube, 3cm mediasolutions, etc.)
Teleconferencing
Telephone contact/voicemail

Briefly discuss how the selected strategies above will be used to maintain Regular Effective Contact in the course.

We believe the strategies discuss above are the best and most common way to maintain regular effective contact with students. There will be discussions in which the students will interact with each other and the instructor. Moreover, students will be encouraged to interact with each other. Additionally, watching and commenting on videos, creating group projects, weekly announcements, quizzes, and timely feedback ensures students get the optimal level of interaction with the instructor and class.

If interacting with students outside the LMS, explain how additional interactions with students outside the LMS will enhance student learning.
