

ATHLETICS STADIUM AND FIELDS PROJECT

DESIGN

Project Description

The Athletics Facilities Feasibility study was completed in 2020, and identified a menu of options, which were prioritized and assembled into proposed phases. This phase will demolish the existing football stadium and construct a new 20,000 sf stadium building which will house team locker rooms and associated auxiliary spaces, a 3,000 sf weight room, sports official facilities, and support areas including equipment storage rooms, laundry, video, and IT rooms. In addition, the project will install new sports lighting at both the football and soccer fields and create landscaped new and renovated parking.
